

Nathaneil Magtangob

Undergrad Computer Science Student

Undergrad student eager to learn and ready to contribute my skills.

Work Experience

Tutor/Primary Instruction

Kumon

September 2025 to Present Day

Results-driven and patient Educator with extensive experience delivering Kumon's Primary Instruction (PI) method to early learners. Adept at bridging the gap between basic motor skills and independent academic study by fostering pencil control, number/letter formation, and rhythmic learning habits. Proven ability to manage small groups, track individual student progress, and cultivate a confident,

Work History at Kumon:

- Primary Instruction (PI) Specialist: Guided early learners transitioning from basic motor skills to foundational reading and math concepts using the structured Kumon Method.
- Student Progression Tracking: Evaluated daily worksheets, identified learning gaps, and adjusted lesson pacing to ensure students mastered foundational skills before advancing.
- Classroom Management: Maintained a quiet, focused, and organized study environment while simultaneously managing individual learning plans for multiple students.
- Parent Communication: Partnered with the Center Director to provide parents with actionable feedback on student milestones, study habits, and home-study consistency.

Education

California State University Northridge, 2022 to Present Day
